## NOT FOR PUBLICATION

Dear Sirs,

**RE: PC SIMON HARWOOD**

We are the solicitors for PC Simon Harwood. Attached to this letter is a photograph of our client.

There has of course been significant mainstream media interest arising from our client's involvement in the policing of the G20 protests, as well as a great deal of threatening material published about him on the internet which has caused him and his family great concern.

Nevertheless, he is aware that the media will not allow his family and neighbours any peace until it has a photograph of him, and he has taken the view that the only way to protect them from harassment by the photographers camped outside their addresses is to provide one. At least then the responsible media will have no justification for further encroachment. We need not remind the press of their obligations in this regard under the PCC Code of Practice.

For the avoidance of doubt, it would be inappropriate for PC Harwood to comment publicly on the Director of Public Prosecution's decision or on other proceedings in the way that others have chosen to. Accordingly, there could be no legitimate purpose in approaching PC Harwood for further comment.

Yours faithfully,

**REYNOLDS DAWSON**
